

COLIN GAMAGAMI

(815) 272-5021 • cgamagami@gmail.com • colingamagami.com • github.com/cgamagami1

PROFESSIONAL SUMMARY

Creative and detail-oriented Front End Web Developer passionate about building apps that provide the best possible experience for clients. Proven natural skills in user experience placing 1st in the state and 3rd nationally in the SkillsUSA Interactive Application Development competition. Extremely proficient at picking up new technologies quickly and comprehensively.

SKILLS

HTML, CSS, Javascript, Typescript, React, Tailwind, C#, Git

PROJECTS

Allocate Budgeting App - <https://github.com/cgamagami1/allocate>

- Created a responsive web app that allows users to track their finances, break down expenses by category, and view the latest financial news.
- Leveraged React with Typescript for the front end and implemented user authentication and CRUD functionality with Firebase.
- Demonstrated problem solving and web security skills by utilizing Netlify serverless functions to hide private API keys from the front end.

MyBugTracker - <https://github.com/cgamagami1/bug-tracker>

- Designed a bug tracking React app that allows organizations to create projects, add team members, assign roles, and track the status of submitted tickets.
- Implemented an analytics dashboard that tracks incoming vs outgoing tickets and breaks down tickets by various attributes.

Upbeat Social Media Website Dashboard

- Was chosen to lead a team database project due to exceptional performance in a database management systems class.
- Developed a website dashboard that can be used to upload unnormalized user profile data into a MySQL database while properly handling duplicate data and displaying error messages.
- Demonstrated leadership skills by delegating tasks and ensuring deadlines were met.
